

## OHA Investment Corporation to Merge with Portman Ridge Finance Corporation

Combined Entity To Be Managed by an Affiliate of BC Partners Advisors L.P.

NEW YORK, Aug. 01, 2019 (GLOBE NEWSWIRE) -- OHA Investment Corporation (NASDAQ: OHAI) ("OHAI") and Portman Ridge Finance Corporation ("PTMN") (NASDAQ: PTMN) (f/k/a KCAP Financial, Inc.) today announced that they have entered into a definitive agreement under which OHAI will merge with and into PTMN, a business development company managed by Sierra Crest Investment Management LLC ("Sierra Crest"), an affiliate of BC Partners Advisors L.P. ("BC Partners") and LibreMax Capital LLC. The transaction is the result of OHAI's previously announced review of strategic alternatives and has been approved by a unanimous vote of the Special Committee of the Board of Directors of OHAI, the Board of Directors of OHAI (other than directors affiliated with Oak Hill Advisors, L.P., the external advisor to OHAI, who abstained from voting) and the Board of Directors of PTMN.

### Transaction Highlights

- | The combined company will be externally managed by Sierra Crest and is expected to have total assets of approximately \$372 million, and net asset value of approximately \$181 million (each based on March 31, 2019 balance sheets, not adjusted for transaction expenses);
- | OHAI stockholders will benefit from PTMN's lower fee structure (1.50% management fee vs current management fee of 1.75%; 17.5% incentive fee vs current incentive fee of 20.0%) and should expect to realize net investment income, net asset value and distribution accretion within the first year following closing of the transaction;
- | Following the transaction, current OHAI stockholders are expected to own approximately 16% of the combined company;
- | OHAI's credit facility will be paid off in full at the closing of the transaction. Based on PTMN's lower borrowing cost, the combined company can expect to realize interest savings of approximately \$0.5 million per annum;
- | The transaction is expected to deliver operational synergies for the combined company as a result of the pro forma larger scale and elimination of redundant OHAI expenses;
- | Pursuant to the merger agreement, if at any time within one year after the closing date of the transaction shares of PTMN are trading at a price below 75% of its net asset value, PTMN will initiate a share buyback program of up to \$10 million to support the trading price of the combined entity for up to one year from the date such program is announced;
- | PTMN stockholder approval is not required for the merger transaction, contributing to additional certainty of closing; and
- | Oak Hill Advisors, L.P., the external advisor to OHAI, intends to vote its OHAI shares in favor of the transaction.

Under the terms of the proposed transaction, OHAI's stockholders will receive value per share (based on the net asset value per share of PTMN's stock and the aggregate value of cash consideration) of approximately 108% of OHAI's net asset value per share at the time of the closing of the transaction from PTMN and Sierra Crest. As of March 31, 2019, OHAI's net asset value was \$37.1 million, or \$1.84 per share. In connection with the transaction, OHAI stockholders will receive a combination of (i) a minimum of \$8 million in cash (approximately \$0.40 per share) from PTMN (as may be adjusted as described below); (ii) PTMN shares valued at 100% of PTMN's net asset value per share at the time of closing of the transaction in an aggregate number equal to OHAI's net asset value at closing minus the \$8 million PTMN cash merger consideration (as may be adjusted as described below); and (iii) an additional cash payment from Sierra Crest, the external adviser to PTMN, of \$3 million in the aggregate, or approximately \$0.15 per share. Assuming a transaction based on respective March 31, 2019 net asset values for OHAI and PTMN, adjusted for expected transaction expenses, and PTMN's 60-day volume weighted average price through July 30, 2019 of \$2.57, the merger transaction (including the Sierra Crest additional cash payment) currently values OHAI shares at approximately \$1.46 per share which represents 83% of OHAI's March 31, 2019 net asset value and a 35% premium to OHAI's closing price on July 30, 2019.

If the aggregate number of shares of PTMN stock to be issued in connection with the merger would exceed 19.9% of the issued and outstanding shares of PTMN common stock immediately prior to the transaction closing, then the cash consideration payable by PTMN will be increased to the minimum extent necessary such that the aggregate number of shares of PTMN common stock to be issued in connection with the merger does not exceed such threshold. The exact exchange ratio for the stock component of the merger will be determined by the net asset value of OHAI and PTMN as of the closing, calculated as of 5:00 p.m. New York City time on the day prior to the closing of the transaction. In addition to approval by OHAI's stockholders, the closing of the merger is subject to customary conditions. The parties currently expect the transaction to be completed in the fourth calendar quarter of 2019.

"We believe this transaction, which is the culmination of a thorough strategic process that OHAI's Board of Directors initiated to enhance stockholder value, provides an attractive outcome for and is in the best interest of OHAI stockholders, while providing continued value creation opportunity for PTMN stockholders," said Steven Wayne, OHAI's President and Chief Executive Officer. "In addition to a significant cash consideration component, we believe our stockholders will continue to realize significant identifiable value through their continued ownership of PTMN stock and partnership with the credit team at BC Partners."

"We are very excited to merge OHA Investment Corporation with Portman Ridge Finance Corporation, as it embodies an important step in our vision for the BDC space and is expected to be an accretive transaction for OHAI and PTMN stockholders. We believe the combined entity will benefit from having lower financing costs, a lower blended fee structure, a reduction in per share public company costs and increased trading liquidity in the equity," said Ted Goldthorpe, President and Chief Executive Officer of PTMN and Head of BC Partners

Credit.
